The Medical Research Future Fund - National Critical Research Infrastructure Initiative forms part of the \$20 billion Medical Research Future Fund (MRFF).

The MRFF, established under the *Medical Research Future Fund Act 2015* (MRFF Act), provides grants of financial assistance to support health and medical research and innovation to improve the health and wellbeing of Australians. It operates as an endowment fund with the capital preserved in perpetuity. At maturity, the MRFF will reach \$20 billion. The MRFF provides a long-term sustainable source of funding for endeavours that aim to improve health outcomes, quality of life and health system sustainability.

This MRFF investment is guided by the Australian Medical Research and Innovation Strategy 2016–2021 (the Strategy) and related set of Australian Medical Research and Innovation Priorities 2018–2020 (the Priorities), developed by the independent and expert Australian Medical Research Advisory Board following extensive national public consultation.

In 2019-20 Budget, the Government announced its continued commitment to support lifesaving medical research with a \$5 billion 10-year investment plan for the MRFF. The Investment Plan will place Australia at the leading edge of research in areas like genomics and will support the search for cures and treatments, including for rare cancers.
