For non-staff in-kind only include major items such as imputed rent of buildings occupied by the CRC, major items of equipment specifically for the CRC's use, etc. Do not include general overheads for staff that have already been counted as FTE in-kind contributions.

TERM SHEET TEMPLATE FOR CRCs PRINT DATE: 22/04/2020

^{*} Marked fields match the Partner Details which must be provided in the Stage 1 Application Form.

^{**} ACN and ABN lookup is provided in the CRC Round 22 Stage 1 Application Form and should be completed for all Partners (excluding international Partners).

^{***} Expected levels of investment shown here are totals over the entire term of the proposed CRC.

[#] CRCs are strongly encouraged to work with FTE at levels to a maximum of two decimal place as the Grant Agreement for a successful CRC will only treat FTE to this level.

^From Round 21 full-time equivalent (FTE) is now valued at the actual eligible salary cost plus 30% for on-costs and overheads (see Grant Opportunity Gudidelines for details).
