Grant Opportunity Guidelines

On Farm Connectivity Program Round 2

Opening date:	8 November 2024
Closing date and time:	5.00 PM Australian Eastern Standard Time on 30 April 2025 or until funding exhausted, whichever occurs first. Please take account of time zone differences when submitting your application.
Commonwealth policy entity:	Department of Infrastructure, Transport, Regional Development, Communications and the Arts (DITRDCA)
Administering entity:	Department of Industry, Science and Resources (DISR)
Enquiries:	If you have any questions, contact us on 13 28 46.
Date guidelines released:	8 November 2024
Type of grant opportunity:	Demand driven

1. On Farm Connectivity Program Round 2 processes

The On Farm Connectivity Program Round 2 is designed to achieve Australian Government objectives

This grant (rebate) program contributes to DITRDCA's Outcome 5 to promote an innovative and competitive communications sector, through policy development, advice and program delivery, so all Australians can realise the full potential of digital technologies and communications services. DITRDCA works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Principles \(CGRPs\)](#).

The grant opportunity opens

We publish the grant guidelines on [business.gov.au](#) and [GrantConnect](#).

STEP 1: ELIGIBILITY CHECK

You complete and submit an application to check your eligibility for the rebate

You complete the application form, addressing all the eligibility criteria.

We assess all applications and make recommendations

We review the application against eligibility criteria.
The decision maker approves eligible applications.

We notify of you of the outcome

We notify you of the outcome of your application.
We advise you of the rebate amount you can claim.

STEP 2: GRANT (REBATE) CLAIM

Sale of eligible equipment

You sell the eligible equipment to the Primary Producer.

Supply, delivery and installation

You deliver and install the eligible equipment to the Primary Producer.

You complete and submit a grant (rebate) claim

You have up to a maximum of 120 calendar days to claim the rebate from the date we notify you are eligible.

We assess all grant (rebate) claims

We review the rebate claim against information you provided in the eligibility check.

Payment is made

We pay you the rebate.

Evaluation of the On Farm Connectivity Round 2 Program

DITRDCA evaluate the specific grant activity and On Farm Connectivity Program as a whole. We base this on information you provide to us and that we collect from various sources.

1.1. Introduction

These guidelines contain information for the On Farm Connectivity Program Round 2 grant program.

This document sets out:

- the eligibility criteria
- how we consider and assess grant (rebate) applications
- how we notify applicants of decisions
- responsibilities and expectations in relation to the opportunity.

The Department of Industry, Science and Resources (the department/DISR) is responsible for administering this grant opportunity on behalf of the Department of Infrastructure, Transport, Regional Development, Communications and the Arts (DITRDCA).

We have defined key terms used in these guidelines in the glossary at section 13.

You should read this document carefully before you fill out an application and undertake project activities.

2. About the grant program

The On Farm Connectivity Program Round 2 (the program) will run over 1 year in 2024-25. The program is an election commitment announced as part of Labor's Plan for a Better Future. This program forms part of the Better Connectivity Plan for Regional and Rural Australia (Better Connectivity Plan) and assists Primary Producers to take advantage of digital agribusiness solutions to boost productivity and improve safety.

The objectives of the program are:

- extend digital connectivity and take advantage of advanced farming technology
- enhance a Primary Producers' capacity to implement digital agribusiness solutions through improved connectivity
- capitalise on the agricultural sector's potential for increased productivity and growth
- support access to new communications equipment by offsetting some of the cost.

The intended outcomes of the program are:

- increased investment in equipment to support operations of the agricultural sector
- increased efficiency, competitiveness, productivity and profitability of the agricultural sector
- improved safety on farm
- increased use of advanced farming technology
- improved knowledge of advanced farming technology and digital literacy.

Eligible Primary Producers can only access the program (and rebate) through an Approved Supplier (you as the applicant). See section 4 for eligibility requirements.

We administer the program according to the [Commonwealth Grants Rules and Principles \(CGRPs\)](#)¹.

¹ <https://www.finance.gov.au/government/commonwealth-grants/commonwealth-grants-rules-and-principles-2024>

3. Grant (rebate) amount and grant period

3.1. Grants available

The Australian Government announced \$30 million for the On Farm Connectivity program in the October 2023 budget with \$15 million available for Round 1 and Round 2 of the program. A further \$3 million is now being provided for Round 2.

For Round 2 of this grant opportunity \$18 million is available in 2024-25 or until funding is exhausted, whichever occurs first.

- The minimum grant (rebate) amount is \$1,000 (GST exclusive).
- The maximum grant (rebate) amount is \$30,000 (GST exclusive).

As an Approved Supplier listed at Appendix A, you can claim up to the maximum rebate amount for each eligible Primary Producer with an Australian Business Number (ABN).

Eligible Primary Producers may receive multiple rebates up to the amount of \$30,000 (GST exclusive). Where the eligible Primary Producer has multiple properties with a separate ABN for each primary production property, the properties must be in different locations.

The eligible Primary Producer is responsible for any remaining eligible and ineligible costs above the rebate amount.

Remaining costs cannot be funded from existing Commonwealth, state, territory and local government grants.

This is a demand driven grant opportunity. We expect that there may be a high level of interest for this grant opportunity and it may be oversubscribed. Grants (rebates) will be awarded to eligible applicants on a first come, first served basis in order of application receipt, until the funding is exhausted.

3.2. Project period

You must submit your application by 30 April 2025 and submit your claim for rebate by 31 May 2025.

The project period commences from the date you are notified your application is eligible. Project periods are up to a maximum of 120 calendar days or until 31 May 2025 whichever occurs first.

Within the 120 calendar day project period, the Approved Supplier must:

- finalise the sale with the Primary Producer
- deliver and install the eligible equipment
- submit the claim for rebate.

To ensure applications can be processed, equipment delivered, supplied and installed, and the claim for rebate submitted before the program end date, applications for new rebates will close on 30 April 2025. As all claims for rebate must be submitted by 31 May 2025 to be eligible under the program, any application submitted after 1 February 2025 will have less than 120 calendar days for project finalisation and submission of the claim for rebate. Timeframes should be taken into consideration when submitting your application, as these cannot be extended.

4. Eligibility criteria

You must satisfy all eligibility criteria before your application will be considered.

4.1. Who is eligible?

To be eligible you must:

- be an Approved Supplier listed in Appendix A
- supply an eligible connectivity solution and the associated eligible equipment as listed in Appendix B to an eligible Primary Producer (as defined in Appendix C) and provide a quote itemising the equipment to be supplied
- be able to supply (including delivery and installation if applicable) the eligible connectivity solution and associated eligible equipment to the eligible Primary Producer within the 120 calendar day period of approval
- ensure the Primary Producer's ABN has been registered for 12 months prior to application submission and be at different locations if submitting multiple applications.

4.2. Additional eligibility requirements

We can only accept applications where the eligible Primary Producer provides a declaration that they meet the eligibility criteria at Appendix C, confirming that they:

- are a registered business and have an ABN that has been active for the previous 12 months
- have an annual average gross income (i.e. total revenue before expenses and tax) from primary production of between \$40,000 and \$4 million. Annual average income is calculated as the average of the previous 3 full financial years' income for each ABN
- are not a hobby farmer
- operate an eligible primary production activity listed at Appendix D.

4.3. Who is not eligible to apply for a grant?

You are not eligible to apply if you are:

- an organisation, included on the [National Redress Scheme's website](#) on the list of 'Institutions that have not joined or signified their intent to join the Scheme'
- an employer of 100 or more employees that has [not complied](#) with the *Workplace Gender Equality Act (2012)*
- an entity not listed in 4.1.

5. What the grant money can be used for

5.1. Eligible grant (rebate) activities

To be eligible for a rebate, the project must:

- assist Primary Producers to take advantage of agribusiness solutions to boost productivity and improve safety
- supply eligible connectivity solutions and associated eligible equipment listed at Appendix B to an eligible Primary Producer (see Appendix C)

- sell, install and deliver eligible connectivity solutions and associated eligible equipment to the eligible Primary Producer at 50 per cent of the purchase price up to \$60,000 (GST exclusive). Primary Producers may spend more than \$60,000 (GST exclusive), and there is no limit to the amount they may spend, however the rebate will not exceed \$30,000 (GST exclusive)
- have at least \$2,000 (GST exclusive) in total eligible expenditure.

Note that under this program, project refers to the sale and supply and installation of eligible equipment to an eligible Primary Producer.

5.2. Eligible expenditure

This is a rebate program. We will reimburse you (the Approved Supplier) for up to 50 per cent of the purchase price of eligible connectivity solutions and associated eligible equipment purchased by an eligible Primary Producer.

The cost of the eligible connectivity solutions and associated eligible equipment is according to the price list provided at the time the supplier has been approved for inclusion on the list of Approved Suppliers at Appendix A.

Eligible expenditure items are:

- eligible connectivity solutions and the associated equipment items listed in Appendix B
- cost of training provided to the Primary Producer in the operation of approved eligible equipment items, to a maximum of 10 per cent of the total equipment purchase price
- cost of subscriptions to support operation approved eligible equipment items for up to 12 months duration, to a maximum of 10 per cent of the total equipment purchase price
- cost of delivery and installation
- accommodation charges may be included in the cost of delivery and installation. The Program Delegate may seek additional information from you about this
- contingency of up to 20 per cent above the listed eligible equipment price list provided at the time the supplier has been approved as an Approved Supplier. This is to account for changes in costs, including price of equipment and transportation, if required.

We may update the guidance on eligible and ineligible expenditure from time to time.

Not all expenditure on your project may be eligible for grant funding (the rebate). The Program Delegate (who is a manager within the department with responsibility for administering the program) makes the final decision on what is eligible expenditure and may give additional guidance on eligible expenditure if required.

You must only incur eligible expenditure after you have been notified your application is approved and that you are eligible for the rebate. Expenses incurred prior to the approval date will not be considered eligible.

From the date we notify you that your application is approved you have up to 120 calendar days to finalise the sale, including delivery and installation of eligible equipment with the eligible Primary Producer and submit your claim for the rebate.

If your application is approved, you must complete your sale of eligible equipment, including delivery and installation, and make your claim for payment by 31 May 2025. As all claims for rebate must be submitted by 31 May 2025 to be eligible under the program, any application submitted after 1 February 2025 will have less than 120 calendar days for project finalisation and submission of the claim for rebate. Timeframes should be taken into consideration when submitting your application, as these cannot be extended.

Failure to submit your claim for the rebate within 120 calendar days of your eligible application notice may require you to reapply for the program. Extensions may be considered on a case by case basis where the deliverables cannot be met within 120 calendar days.

Notification to apply for an extension of time must be submitted at a reasonable time with evidence of why the deliverables cannot be met within 120 calendar days. No extensions will be granted beyond the program end date of 31 May 2025.

5.3. What the grant (rebate) money cannot be used for

Expenditure items that are not eligible are:

- home or business internet costs
- insurance, operation and maintenance costs
- items not included in the list of connectivity solutions and associated equipment at Appendix B
- expenditure incurred prior to being notified of your eligibility for the rebate (such as a deposit for eligible equipment)
- costs associated with negotiating a sale (e.g. sales representatives).

6. How to apply

Before applying you should read and understand these guidelines and the sample [application form](#) published on business.gov.au and GrantConnect.

You will need to set up an account to access our online [portal](#).

You can apply at any time while the grant opportunity remains open. The grant opportunity will open for applications on 23 September 2024 and will remain open until 30 April 2025 or until the funding is exhausted, whichever occurs first.

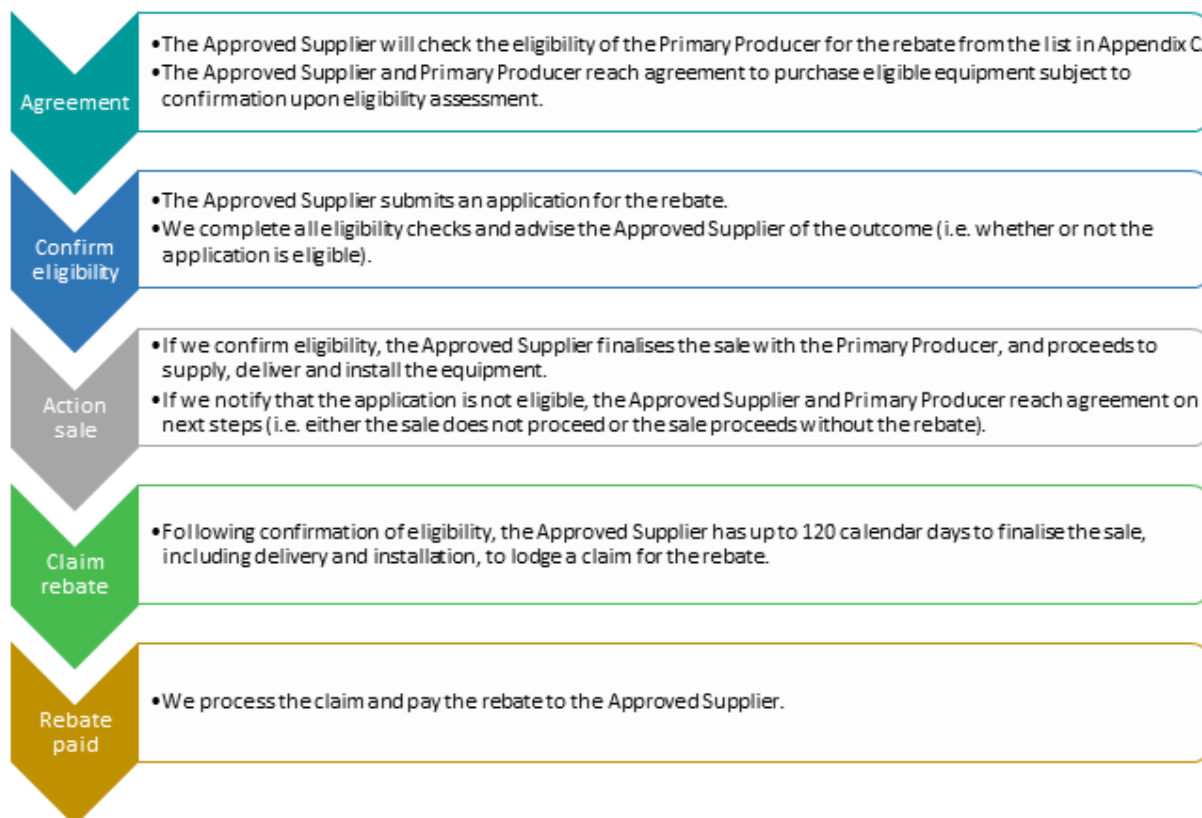

You must submit your application by 30 April 2025 and submit your claim for rebate by 31 May 2025.

To apply, you must:

- complete and submit the application through the online [portal](#)
- provide all the information requested
- address all eligibility criteria.

This is a two-step process. Before you enter into a sale of connectivity solutions or equipment with a Primary Producer, we must assess your application to determine your eligibility for the program. This includes the eligibility of the Primary Producer.

Figure 1. Rebate steps for eligible participants

As part of the application process, the Primary Producer will be invited through the portal to complete an electronic declaration confirming their eligibility (see Appendix C – Eligibility Criteria for Primary Producers). The application must be started and finalised by the Approved Supplier. You must not share your eligibility code with anyone including the Primary Producer.

When the Primary Producer has completed the declaration, you can submit your application. Your application cannot be assessed until this declaration has been received.

You must not undertake the sale with the Primary Producer until you have been notified that you are eligible for the rebate.

If your application is eligible, you have up to a maximum of 120 calendar days to finalise the sale, including delivery and installation of eligible equipment, with the eligible Primary Producer and submit your claim for the rebate.

Any sales of eligible connectivity solutions and associated eligible equipment made with Primary Producers before you are notified of your eligibility for the program will not be eligible for the rebate.

We will notify you if you are not eligible for the rebate.

You can view and print a copy of your submitted rebate application on the portal for your own records.

You are responsible for making sure your rebate application is complete and accurate. Giving false or misleading information is a serious offence under the *Criminal Code Act 1995* (Cth). If we consider that you have provided false or misleading information we may not progress your application. If you find an error in your application after submitting it, you should call us immediately on 13 28 46.

After submitting your application, we can contact you for clarification if we find an error or any missing information, including evidence that supports your eligibility.

The acceptance of any additional information provided after the submission of your application is at the discretion of the Program Delegate. Additional information should not materially change your application at the time it was submitted and therefore may be refused if deemed to be purely supplementary.

If you need further guidance around the application process, or if you have any issues with the portal, [contact us](#) at business.gov.au or by calling 13 28 46.

6.1. Timing of grant opportunity processes

You can apply at any time while the grant opportunity remains open.

If you are notified that you are eligible for the rebate you must:

- complete the sale of the eligible connectivity solutions and associated eligible equipment item/s with the eligible Primary Producer
- deliver and install the eligible equipment and
- submit your claim for rebate within 120 calendar days of receiving notice of your approved application.

Program funding may be exhausted prior to the application close date resulting in the closing date being announced earlier. If you were notified you are eligible for a rebate prior to a revised closing announcement, you are still able to progress your claim for the rebate within 120 calendar days or by 31 May 2025 whichever occurs first.

Note that applications submitted closer to the closing date will have a reduced timeframe for applications to be processed, equipment delivered, supplied and installed and the claim for rebate submitted as outlined in Table 1.

You should consider grant opportunity timeframes when submitting an application to the program.

Table 1: Expected timing for this grant opportunity

Activity	Timeframe
Assessment of eligibility and notice of application approval	2 to 4 weeks
Notification to unsuccessful applicants	2 weeks
Earliest date of connectivity solution/equipment sale	Date of notification confirming eligibility
Application close date	30 April 2025 or until funding is exhausted, whichever occurs first
Claim for rebate	Must be submitted within 120 calendar days of notification confirming eligibility or by 31 May 2025. As all claims for rebate must be submitted by 31 May 2025 to be eligible under the program, any application submitted after 1 February 2025 will have less than 120 calendar days for project finalisation and submission of the claim for rebate. Timeframes should be taken into consideration when submitting your application, as these cannot be extended.

Activity	Timeframe
End date of grant (rebate) commitment	31 May 2025

7. The grant selection process

Your application will be considered through a demand driven grant process. Applications will be reviewed in order of receipt until available funding is exhausted.

We will review your application against the eligibility criteria.

If we identify unintentional errors in your application, we may contact you to correct or clarify the information.

The Program Delegate will not approve funding if there are insufficient program funds available.

7.1. Who will approve grants (rebates)?

The Program Delegate decides which grants (rebate) to approve taking into account the availability of grant funds.

The Program Delegate's decision is final in all matters, including:

- the grant approval (confirming your eligibility for program)
- the grant (rebate) funding to be awarded (eligible rebate amount)
- any conditions attached to the offer of grant funding.

We cannot review decisions about your application.

The Program Delegate will not approve funding if there is insufficient program funds available across relevant financial years of the program.

8. Notification of application outcomes

We will advise you of the outcome of your application in writing.

Once you have received notification that your application is successful, you have up to a maximum of 120 calendar days to finalise the sale, and complete delivery and installation of eligible equipment with the eligible Primary Producer, and submit your claim for the rebate.

9. Successful grant applications

9.1. Activity specific legislation, policies and industry standards

You must comply with all relevant laws, regulations and Australian Government sanctions in undertaking your project. You must also comply with the specific legislation/policies/industry standards that follow. It is a condition of the grant funding that you meet these requirements, including the terms and conditions identified through the Approved Supplier EOI process, and the terms and conditions you agreed to in your Approved Supplier acceptance letter.

In particular, you will be required to comply with:

- state/territory legislation in relation to working with children
- Consumer Protection Law <https://www.accc.gov.au/consumers/buying-products-and-services/consumer-rights-and-guarantees>

- Telecommunications (Prohibition of Mobile Phone Boosters) Declaration 2021
<https://www.legislation.gov.au/Details/F2021L01177>
- Telecommunications Act 1997
- Work Health and Safety Act 2011
- the Privacy Act 1988
- relevant state and territory licences and approvals.

9.2. How we pay the grant (rebate)

The application outcome letter we send you (the Approved Supplier) will state the maximum rebate amount we will pay. The amount you claim and the connectivity solution equipment should be the same as stated on your application outcome letter. The amount you claim must not include GST.

You have up to a maximum of 120 calendar days to finalise the sale, including, delivery and installation of eligible equipment with the eligible Primary Producer and submit your claim for the rebate.

You must submit the following to support your claim for the rebate:

- a description of the connectivity solution and associated eligible equipment that you have provided through the sale. The equipment and amount claimed must align with the quote provided with your application (refer to Appendix B for the list of eligible connectivity solutions and equipment)
- proof of purchase including copies of paid tax invoice(s), receipts or equivalent confirming the sale/purchase prices of the eligible equipment item/s, including costs for subscriptions, installation, training and delivery. Proof of purchase evidence should show the GST exclusive amount. The rebate amount does not include GST
- evidence that the eligible Primary Producer has paid their share of the equipment
- geotagged photograph of the installed eligible equipment hardware if the total cost of the eligible equipment solution (not including costs for training, delivery, installation or subscriptions) is \$10,000 or greater
- invoices and purchase orders are not acceptable evidence of proof of payment.

You must attach supporting documentation in line with the instructions provided within the form. You should only attach requested documents. The total of all attachments cannot exceed 20MB. We will not consider information in attachments that we do not request.

Failure to submit your claim for the rebate within 120 calendar days of your eligible application notice may require you to reapply for the program.

9.3. Grant (rebate) Payments and GST

This is a grant rebate program. We do not consider the rebate payment under this program to be a supply meaning there is no taxable supply and GST is not payable on the grant. This is the case regardless of whether you are registered for GST or not.

GST does not apply to grant (rebate) payments to government related entities².

Grants (rebates) are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on tax.

² See Australian Taxation Office ruling GSTR 2012/2 available at ato.gov.au

10. Announcement of grants

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect (date you are advised your application is successful) as required by section 5.3 of the CGRPs.

We will publish non-sensitive details of successful projects on GrantConnect. We are required to do this by the [Commonwealth Grants Rules and Principles](#), section 5.3. We may also publish this information on business.gov.au.

This information may include:

- name of your organisation
- title of the project
- description of the project and its aims
- amount of grant (rebate) funding awarded
- Australian Business Number
- business location
- your organisation's industry sector.

11. How we monitor your grant activity

11.1. Keeping us informed

You should let us know if anything is likely to affect your project or organisation.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your project, carry on business and pay debts due.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a change to your application details, you must contact us immediately.

You or the eligible Primary Producer may be contacted for up to 2 years after the completion of the program to seek input into case studies or further information where required. In addition, you or the eligible Primary Producer may be interviewed or sent a survey to inform how the grant (rebate) has impacted your business. If you or the Primary Producer hold any formal events or openings which involve equipment where a rebate has been paid under the program, you must notify us and provide an opportunity for the Minister or their representative to attend. Notification can be made by emailing DITRDCA at OFCP@communications.gov.au.

11.2. Compliance visits

We may visit you at the completion of your grant activity to review your compliance with the grant application. We will provide you with reasonable notice of any compliance visit.

11.3. Evaluation

DITRDCA will evaluate the grant program to measure how well the outcomes and objectives have been achieved. We may use information from your application for this purpose. We may also interview you, or ask you for more information to help us understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

We may contact you and/or the Primary Producer up to two years after the program has closed for more information to assist with this evaluation.

11.4. Acknowledgement

If you make a public statement about a project funded under the program, including in a brochure, publication or online, you must acknowledge the grant by using the following statement:

- *'This equipment received grant funding from the Australian Government.'*

12. Probity

We will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRPs.

These guidelines may be changed from time-to-time by DISR. When this happens, the revised guidelines will be published on GrantConnect.

12.1. Conflicts of interest

Any conflicts of interest could affect the performance of the program. There may be a conflict of interest, or perceived conflict of interest, if our staff, any member of a committee or advisor and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer
- has a relationship with or interest in, an organisation, which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently; or
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives a grant under the grant program/grant opportunity.

As part of your application, we will ask you to declare any perceived or existing conflicts of interests or confirm that, to the best of your knowledge, there is no conflict of interest.

If you later identify an actual, apparent, or perceived conflict of interest, you must inform us in writing immediately.

Conflicts of interest for Australian Government staff are handled as set out in the Australian [Public Service Code of Conduct \(Section 13\(7\)\)](#) of the [Public Service Act 1999](#). Committee members and other officials including the decision maker must also declare any conflicts of interest.

We publish our [conflict of interest policy](#)³ on the department's website. The Commonwealth policy entity also publishes a conflict of interest policy on its website.

12.2. How we use your information

Unless the information you provide to us is:

- confidential information as per 12.2.1; or
- personal information as per 12.2.3.

we may share the information with other government agencies for a relevant Commonwealth purpose such as:

³ <https://www.industry.gov.au/publications/conflict-interest-policy>

- to improve the effective administration, monitoring and evaluation of Australian Government programs
- for research
- to announce the awarding of grants.

12.2.1. How we handle your confidential information

We will treat the information you give us as sensitive and therefore confidential if it meets all of the following conditions:

- you clearly identify the information as confidential and explain why we should treat it as confidential
- the information is commercially sensitive
- disclosing the information would cause unreasonable harm to you or someone else
- you provide the information with an understanding that it will stay confidential.

12.2.2. When we may disclose confidential information

We may disclose confidential information:

- to our Commonwealth employees and contractors, to help us manage the program effectively
- to the Auditor-General, Ombudsman or Privacy Commissioner
- to the responsible Minister or Assistant Minister
- to a House or a Committee of the Australian Parliament.

We may also disclose confidential information if:

- we are required or authorised by law to disclose it
- you agree to the information being disclosed, or
- someone other than us has made the confidential information public.

12.2.3. How we use your personal information

We must treat your personal information according to the Australian Privacy Principles (APPs) and the *Privacy Act 1988* (Cth). This includes letting you know:

- what personal information we collect
- why we collect your personal information
- to whom we give your personal information.

We may give the personal information we collect from you to our employees and contractors, and other Commonwealth employees and contractors, so we can:

- manage the program
- research, assess, monitor and analyse our programs and activities.

We, or the Minister, may:

- announce the names of successful applicants to the public
- publish personal information on the department's websites.

You may read our [Privacy Policy](#)⁴ on the department's website for more information on:

⁴ <https://www.industry.gov.au/data-and-publications/privacy-policy>

- what is personal information
- how we collect, use, disclose and store your personal information
- how you can access and correct your personal information.

12.3. Freedom of information

All documents in the possession of the Australian Government, including those about the program, are subject to the *Freedom of Information Act 1982* (Cth) (FOI Act).

The purpose of the FOI Act is to give members of the public rights of access to information held by the Australian Government and its entities. Under the FOI Act, members of the public can seek access to documents held by the Australian Government. This right of access is limited only by the exceptions and exemptions necessary to protect essential public interests and private and business affairs of persons in respect of whom the information relates.

If someone requests a document under the FOI Act, we will release it (though we may need to consult with you and/or other parties first) unless it meets one of the exemptions set out in the FOI Act.

12.4. Enquiries and feedback

For further information or clarification, you can contact us on 13 28 46 or by [web chat](#) or through our [online enquiry form](#) on business.gov.au.

We may publish answers to your questions on our website as Frequently Asked Questions.

Our [Customer Service Charter](#) is available at business.gov.au. We use customer satisfaction surveys to improve our business operations and service.

If you have a complaint, call us on 13 28 46. We will refer your complaint to the appropriate manager.

If you are not satisfied with the way we handle your complaint, you can contact:

General Manager
Business Grants Hub
Department of Industry, Science and Resources
GPO Box 2013
CANBERRA ACT 2601

You can also contact the [Commonwealth Ombudsman](#)⁵ with your complaint (call 1300 362 072). There is no fee for making a complaint, and the Ombudsman may conduct an independent investigation.

⁵ <http://www.ombudsman.gov.au/>

13. Glossary

Term	Definition
Administering entity	When an entity that is not responsible for the policy, is responsible for the administration of part or all of the grant administration processes.
ANZSIC codes	Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 - Codes and Titles, 2006 . The standard industrial classification system underpinning ABS statistics whereby an individual business entity is assigned to an industry based on its predominant activity.
Application form	The document issued by the program delegate that applicants use to apply for funding under the program.
Approved Supplier	Suppliers have been selected through an EOI process and assessment of eligibility criteria. Guidance is provided at Appendix A.
Commonwealth Grants Rules and Principles (CGRPs)	Establish the overarching Commonwealth grants policy framework and articulate the expectations for all non-corporate Commonwealth entities in relation to grants administration. Under this overarching framework, non-corporate Commonwealth entities undertake grants administration based on the mandatory requirements and key principles of grants administration.
Date of effect	Can be the date on which a grant agreement is signed or a specified starting date. Where there is no grant agreement, entities must publish information on individual grants as soon as practicable.
Department	The Department of Industry, Science and Resources.
Eligible activities	The activities undertaken by a grantee in relation to a project that are eligible for funding support as set out in 5.1.
Eligible application	An application or proposal for grant (rebate) funding under the program that the program delegate has determined is eligible for assessment in accordance with these guidelines.
Eligibility criteria	Refer to the mandatory criteria which must be met to qualify for a grant (rebate). Assessment criteria may apply in addition to eligibility criteria.
Eligible equipment	Equipment that is eligible for the rebate program. Guidance is provided at Appendix B.
Eligible expenditure	The expenditure incurred by a grantee on a project and which is eligible for funding support as set out in 5.2.

Term	Definition
Grant	<p>For the purposes of the CGRPs, a ‘grant’ is an arrangement for the provision of financial assistance by the Commonwealth or on behalf of the Commonwealth:</p> <ol style="list-style-type: none"> a. under which relevant money⁶ or other Consolidated Revenue Fund (CRF) money⁷ is to be paid to a grantee other than the Commonwealth; and b. which is intended to help address one or more of the Australian Government’s policy outcomes while assisting the grantee achieve its objectives.
Grant activity/activities	Refers to the project/tasks/services that the grantee is required to undertake
Grant funding or grant funds	The funding made available by the Commonwealth to grantees under the program. Grant funding is in the form of a rebate for this program.
Grant opportunity	Refers to the specific grant round or process where a Commonwealth grant is made available to potential grantees. Grant opportunities may be open or targeted, and will reflect the relevant grant selection process.
Grant program	A ‘program’ carries its natural meaning and is intended to cover a potentially wide range of related activities aimed at achieving government policy outcomes. A grant program is a group of one or more grant opportunities under a single DITRDCA Portfolio Budget Statement Program.
GrantConnect	The Australian Government’s whole-of-government grants information system, which centralises the publication and reporting of Commonwealth grants in accordance with the CGRPs.
Grantee	The recipient of grant (rebate) funding. In this program it is the Approved Supplier.
Guidelines	Guidelines that the Minister gives to the department to provide the framework for the administration of the program, as in force from time to time.
Hobby farmer	Farmers with an annual income, defined as the three-year average income from primary production, of less than \$40,000.
Minister	The Commonwealth Minister for Communications

⁶ Relevant money is defined in the PGPA Act. See section 8, Dictionary.

⁷ Other CRF money is defined in the PGPA Act. See section 105, Rules in relation to other CRF money.

Term	Definition
Personal information	<p>Has the same meaning as in the <i>Privacy Act 1988</i> (Cth) which is:</p> <p>Information or an opinion about an identified individual, or an individual who is reasonably identifiable:</p> <ol style="list-style-type: none"> a. whether the information or opinion is true or not; and b. whether the information or opinion is recorded in a material form or not.
Program Delegate	A DISR manager/officer within the department with policy responsibility for administering the program.
Primary Producer	A Primary Producer under this program must meet the eligibility criteria and operate in an eligible primary production activity. A Primary Producer must not be a hobby farmer. Refer to Appendix C
Primary production activities	Activities under ANZSIC codes listed under Appendix D
Program funding or program funds	The funding made available by the Commonwealth for the program.
Project	A project described in an application for grant (rebate) funding under the program. Under this program, project refers to the sale and supply and installation of eligible equipment to an eligible Primary Producer.
Rebate	The grant funding of between \$1,000 and \$30,000 awarded in the form of a rebate to the Approved Supplier following the sale of the eligible equipment. The eligible Primary Producer pays the cost of the eligible equipment less the confirmed rebate amount.

Appendix A. Approved Suppliers

Appendix B. List of eligible connectivity solutions and equipment

This section provides guidance on the eligibility of expenditure. We may update this guidance from time to time; check you are referring to the most current version from the business.gov.au website before preparing your application.

The Program Delegate makes the final decision on what is eligible expenditure and may give additional guidance on eligible expenditure if required.

To be eligible, expenditure must:

- be incurred by you within the project period
- be a direct cost of the project
- meet the eligible expenditure guidelines.

There are five broad categories of eligible connectivity solutions and associated eligible equipment:

The broad categories of eligible connectivity solutions can be delivered through LPWAN, satellite cellular and/or Wi-Fi technology.

- Low Power Wide Area Networks (LPWAN), including:
 - LoRaWAN
 - NarrowBand-IoT (NB-IoT)
 - SigFox
 - CAT-M1
 - LTE-M technology
- Connectivity equipment:
 - antennas
 - beacons
 - radio transmitters
 - boosters and repeaters
 - gateways and routers
 - portable hotspots
- Environmental monitoring:
 - soil moisture probes
 - microclimate monitor
 - weather monitors
 - plant growth monitors
 - water quality monitors
 - water flow and pressure monitors
- Farm management:
 - cameras
 - asset trackers
 - battery monitors
 - staff safety monitors

- fence monitors
- silo and storage monitors
- liquid level monitors
- livestock monitoring systems
- Remote automation and control
 - valve and irrigation controllers
 - pump controllers
 - aeration controllers

Other eligible expenditure items are:

- subscriptions for data aggregation platforms and software (including farm management software) that accompany the purchase of eligible connectivity solutions and associated equipment to a maximum of 10 per cent of the total equipment purchase price
- cost of training in the operation of connectivity solutions and associated equipment to a maximum of 10 per cent of the total equipment purchase price
- cost of delivery and installation
- accommodation charges may be included in the cost of delivery and installation. The Program Delegate may seek additional information from you
- contingency of up to 20 per cent above the listed eligible equipment price to account for changes in price if required.

Appendix C. Eligibility criteria for Primary Producers

The Primary Producer will be invited through the portal to provide a declaration that they meet the eligibility criteria. The declaration includes the following information.

To be eligible, a Primary Producer must:

- have an ABN registered for 12 months or longer
- carry out primary production activities under one of the eligible ANZSIC codes (refer to Appendix D)
- have an average annual gross income between \$40,000 and \$4 million (i.e. total revenue before expenses and tax) over 3 previous full financial years
- not be a hobby farmer.

The Primary Producer will also be asked to provide their:

- name, email address and phone number
- ABN number which must have been registered for 12 months or longer
- address where the connectivity solution will be installed and used.

We will confirm eligibility with the Primary Producer through an emailed portal invitation which is linked to your application.

Once confirmed as an eligible Primary Producer we will monitor the total amount of equipment purchased against the Primary Producer's ABN across applications submitted by you and other Approved Suppliers up to the maximum rebate of \$30,000 (GST exclusive). You will be notified if the eligible Primary Producer has already reached the maximum threshold and the application is ineligible for the rebate.

Primary Producers may be contacted after the rebate has been claimed as part of the program evaluation and to obtain information relevant for case studies or program promotion.

Appendix D. Eligible ANZSIC codes

Eligible primary production activities are defined as those listed in the Australian and New Zealand Standard Industrial Classification (ANZSIC) 2006 (revision 2.0) codes under Division A, Agricultural Forestry and Fishing, Subdivisions 01, 02 and 03.

Eligible - activities in the following ANZSIC codes	Ineligible - all other ANZSIC codes, including activities in the following codes
0100-0198, Agriculture	01, Agriculture, 0199 Other Livestock farming n.e.c.
02, Aquaculture	04, Fishing, hunting and trapping
03, Forestry and logging	05, Agriculture, forestry and fishing support services

ANZSIC 2006 Division, Subdivision, Group and Class Codes and Titles			
A	Agriculture, Forestry and Fishing		
	01	Agriculture	
		011	Nursery and Floriculture Production
		0111	Nursery Production (Under Cover)
		0112	Nursery Production (Outdoors)
		0113	Turf Growing
		0114	Floriculture Production (Under Cover)
		0115	Floriculture Production (Outdoors)
		012	Mushroom and Vegetable Growing
		0121	Mushroom Growing
		0122	Vegetable Growing (Under Cover)
		0123	Vegetable Growing (Outdoors)
		013	Fruit and Tree Nut Growing
		0131	Grape Growing
		0132	Kiwifruit Growing
		0133	Berry Fruit Growing
		0134	Apple and Pear Growing
		0135	Stone Fruit Growing
		0136	Citrus Fruit Growing
		0137	Olive Growing
		0139	Other Fruit and Tree Nut Growing

ANZSIC 2006 Division, Subdivision, Group and Class Codes and Titles			
A	Agriculture, Forestry and Fishing		
	014	Sheep, Beef Cattle and Grain Farming	
		0141	Sheep Farming (Specialised)
		0142	Beef Cattle Farming (Specialised)
		0143	Beef Cattle Feedlots (Specialised)
		0144	Sheep-Beef Cattle Farming
		0145	Grain-Sheep or Grain-Beef Cattle Farming
		0146	Rice Growing
		0149	Other Grain Growing
	015	Other Crop Growing	
		0151	Sugar Cane Growing
		0152	Cotton Growing
		0159	Other Crop Growing n.e.c.
	016	Dairy Cattle Farming	
		0160	Dairy Cattle Farming
	017	Poultry Farming	
		0171	Poultry Farming (Meat)
		0172	Poultry Farming (Eggs)
	018	Deer Farming	
		0180	Deer Farming
	019	Other Livestock Farming	
		0191	Horse Farming
		0192	Pig Farming
		0193	Beekeeping
	02	Aquaculture	
		020	Aquaculture
		0201	Offshore Longline and Rack Aquaculture
		0202	Offshore Caged Aquaculture
		0203	Onshore Aquaculture
	03	Forestry and Logging	
		030	Forestry and Logging
		0301	Forestry

Appendix E. Ineligible ANZSIC codes

All activities that fall under all other ANZSIC codes are ineligible.

For clarification, the following ANZSIC codes that sit within the 2006 Class are ineligible.

ANZSIC 2006 Division, Subdivision, Group and Class Codes and Titles			
Agriculture, Forestry and Fishing			
		0199	Other Livestock Farming n.e.c.
		0302	Logging
	04	Fishing, Hunting and Trapping	
		041	Fishing
		0411	Rock Lobster and Crab Potting
		0412	Prawn Fishing
		0413	Line Fishing
		0414	Fish Trawling, Seining and Netting
		0419	Other Fishing
		042	Hunting and Trapping
		0420	Hunting and Trapping
	05	Agriculture, Forestry and Fishing Support Services	
		051	Forestry Support Services
		0510	Forestry Support Services
		052	Agriculture and Fishing Support Services
		0521	Cotton Ginning
		0522	Shearing Services
		0529	Other Agriculture and Fishing Support Services
