Evaluation of the Regional and Remote Airport Support Program

DITRDCSA will evaluate the Regional and Remote Airport Support Program. We base this on information you provide to us and that we collect from various sources.

1.1. Introduction

These guidelines contain information for the Regional and Remote Airport Support Program grants.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility criteria
- how we consider and assess grant applications
- how we notify applicants and make payments to grantees
- responsibilities and expectations in relation to the opportunity.

This grant opportunity and process will be administered by the Department of Industry, Science and Resources (the department/DISR) on behalf of the Department of Infrastructure, Transport, Regional Development, Communications, Sport and the Arts (DITRDCSA).

We have defined key terms used in these guidelines in the glossary at section 13.

You should read this document carefully before you fill out an application.

2. About the grant program

The Regional and Remote Airport Support Program (the program) will run over one year in 2025-26.

The program will provide financial relief to operators of regional/remote airports that were owed debt by the Rex Airlines regional business (Regional Express Holdings Limited ACN 099 547 270; Regional Express Pty Ltd ACN 101 325 642; Rex Investment Holdings Pty Ltd ACN 101 317 677) when it entered voluntary administration. These operators include both local governments and private companies.

Without debt relief, operators of many regional airports may be unable to cover operating costs, including security, and have limited negotiating power to raise fees given the marginal profitability of regional routes for airlines. Local governments in these areas with low rate-paying population bases may need to reduce services they provide to communities if debts are not recovered.

Providing such relief will mitigate the financial impact of unpaid claims and reduce the likelihood of airport services or council services suffering and will help to ensure residents are not directly or indirectly impacted.

Regional and remote airports are important to the Rex Airlines regional business's ongoing operations and have supported the Rex Airlines regional business through the voluntary administration period.

The objective of the program is to provide debt relief to eligible local governments and other operators of regional and remote airports that have been disadvantaged by the Rex Airlines regional business entering voluntary administration.

The intended outcomes of the program are to:

- support critical aviation services to connect remote and regional communities across Australia

- support local governments in regional and remote areas to maintain essential services.

We administer the program according to the [Commonwealth Grants Rules and Principles \(CGRPs\)¹](#).

3. Grant amount and grant period

3.1. Grants available

On 4 November 2025, Minister King announced the intent to make relief available for this program. Up to \$5 million will be available over 2025-26 for the program.

Grant relief payments to grantees will be determined based on a formula that calculates these payments against the total unsecured debt owed to the grantee.

The formula used to calculate the grant relief payments will consider the percentage of unsecured debt the applicant is owed as a total of all applicants' unsecured debt owed. This will be used to calculate the proportion of funding they receive from the total appropriation (\$5 million).

As an example, an eligible applicant applies for an amount equal to 4% of the total unsecured debts claimed by all the eligible applicants. The successful applicant will receive at a maximum 4% of the \$5 million, but not more than the total unsecured debt owed to the applicant.

We will calculate the formula based on the GST exclusive amount of the unsecured debt owed.

3.2. Grant period

All applications must be submitted between the published opening and closing dates, with all grant relief payments being made by 30 June 2026.

4. Eligibility criteria

We cannot consider your application if you do not satisfy all eligibility criteria.

GST does not apply to grant relief payments to government related entities.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on tax.
