

INSTRUCTIONS: In accordance with section 4.2 of the Program Guidelines, applicants must provide evidence of authority for use of the land or infrastructure required to undertake the project at the nominated site location/s.

The evidence of authority for use must be provided by the land or infrastructure owner.

The land or infrastructure owner may use this letter/declaration template to provide their authority.

You (the applicant) can submit the completed and signed declaration in the portal with your application.

For multiple project site locations, please ensure authority is provided for **all** nominated sites.

If you choose to use your own letter/declaration template please ensure you include all the information below.
